Terri,
As noted in previous email, following is the email from Roger Bierbaum, office of contracts, DOT. He is out of the office this week but has passed the email on to others whom may be able to get you the information that you need.

I have not been involved in any of the discussions about the I-Jobs funding. I have copied a couple of individuals at the DOT with hopes that one of them will be able to answer your question.

Roger,
We have noted in our I-Jobs application that we are to receive funds (as noted in the STIP) for Fiscal Year 2010 for work on the North Grand Avenue Bridge Project. Terri Rosonke with the Iowa Finance Authority would like a response to this email, which I will pass on to her, that this fund amount is allocated for Charles City's use to assist in funds to work on this bridge structure. Thank you in advance.
